

DRAMA CAMP

Drama is offered as a one-week intensive experience (Sunday evening to Saturday afternoon) in two different weeks in the summer. Students have the opportunity to be part of a theatrical musical, get to know at least 25 other students, act, sing . . .! Along with the production of the play, primary goals of drama camp are team building, individual growth, fostering a positive self-concept, and development of a community. There have been many friendships started at camp.

Casting is done in advance and each student receives a copy of the script (or access to a digital version of the script) about a month in advance and are asked to come prepared for both the fun and the work of a play.

Eligible students will have turned 12 prior to the beginning of camp. **All high school students (having completed grade 9), will register for Drama as a course with Hope Christian** and will receive 5 credits in Drama 10, 20 or 30. There is some extra preparatory work to make up the requirements of the Drama course. Those not yet in high school will receive the same instruction opportunities and so on, but their preparation will be solely for their part in the play. Students will be asked to purchase a theatrical make-up kit if they do not already have one—about \$32. These will be available at the camps. A list of other items that are necessary are on camp registration forms.

Students will stay in cabins or may bring trailers, campers, motorhomes to the site if they wish their own accommodation. Our past experience with central Alberta weather means that tents are not appropriate accommodations. We don't want to have to dry you out! We will communicate with families/students who indicate that there are food allergies and try to accommodate those needs.

Register soon. Drama camps fill up!

Contact info: debbie.zepick@hopechristianschool.com or 403 783 3446.

Camp Dates: **July 10th-16th** and **August 14th-20th**

Registration Deadlines: **May 31st**

Fees:

- **\$425 for Junior High,**
- **\$250 for high school** students (completed grade 9),
- Non-refundable deposit of **\$75**

CALM/PHOTOGRAPHY CAMP

CALM, Career and Life Management, and **Introduction to Photography** are offered as a week long (Sunday evening to Friday afternoon) camp experience. CALM focusses on career explorations, finance, discovery of personal interests and abilities, and interpersonal relationships. Human sexuality, an optional component of the course, is not discussed. Photography looks at design ideas, taking control of the modern digital camera and lenses, and things to consider in making a photograph. Most assignments are photographs.

Students register with Hope Christian for both courses and receive 3 credits in CALM and a single credit in 3 separate Career and Technology Study modules for Photography. They come away with 6 credits toward their high school diploma. (Students are set up to get an extra credit in Photography when the camp is over.) The camp fee structure is not set up for those who do not wish to register with Hope Christian for summer school.

Students will stay in cabins or may bring trailers, campers, motorhomes to the site if they wish their own accommodation. Our past experience with central Alberta weather means that tents are not appropriate accommodations. We will communicate with families/students who indicate that there are food allergies and try to accommodate those needs. Specifics about the gear you need to bring, laptop, camera and so on, are provided on registration forms.

This camp is **offered if numbers warrant** and has not been offered every summer. Because of this **early notification of interest and registration is important.**
