First of all please receive our many thanks for all the support and encouragement your school teachers and you were and are for our daughter [REDACTED]! The communication was always open and friendly, you always made time for any problem we approached you with. The teachers were knowledgeable, explaining very well the subjects, they are friendly, approachable and supportive, something one cannot find so easy in today's schools. They lifted up [REDACTED]'s spirit and increased her confidence a lot .I really believe your school with a Christian perspective is something very special, a healing place for the children who, like my daughter ,were bullied in some of the other schools . The on line studies that you offer are also a place where she could grow and study in her own pace, and the Christian perspective made her feel at home, as she is a Christian too raised in a Christian family, and her values are not always understood in the other schools. We are very happy that she will be graduating with your school.

Thank you again and God bless!

We have been beyond impressed with the school program, organization, and the wonderful teachers. Ms. Harder and Ms. Dart. We were unsure about online schooling but this has been an amazing experience. Words cannot express how impressed we are. This has been an amazing experience for our child and for us.

Hello

I was wondering when the final report cards will be out. Also just wanted to let you know how much my son [REDACTED] has enjoyed being with your school this past year. I am so glad we found the school. Have a very blessed summer.

Hello Mr. Anger,

[REDACTED] and I just wanted to touch base and say a big thank You to You and all of the girl's teachers for all of the help and encouragement that our daughters get from Hope Christian. Also to say thank you for the opportunity to allow [REDACTED] the chance to challenge grade nine this month. She has been working really hard to get a great grades on her assignments and we trust that the one month trial will result in her continuing in the grade nine classes other than Math 8.

Thank you again for all of your concern and direction in this matter, we both appreciate you very much!!

[REDACTED]
Kindest Regards,
