Number 1 (June 9, 2014)

First of all please receive our many thanks for all the support and encouragement your school teachers and you were and are for our daughter ! The communication was always open and friendly, you always made time for any problem we approached you with. The teachers were knowledgeable, explaining very well the subjects, they are friendly, approachable and supportive, something one cannot find so easy in today's schools. They lifted up 's spirit and increased her confidence a lot .I really believe your school with a Christian perspective is something very special, a healing place for the children who, like my daughter ,were bullied in some of the other schools. The on line studies that you offer are also a place where she could grow and study in her own pace, and the Christian perspective made her feel at home, as she is a Christian too raised in a Christian family, and her values are not always understood in the other schools. We are very happy that she will be graduating with your school.

Thank you again and God bless!

Number 2 (June 9, 2014)

We have been beyond impressed with the school program, organization, and the wonderful teachers. Ms. Harder and Ms. Dart. We were unsure about online schooling but this has been an amazing experience. Words cannot express how impressed we are. This has been an amazing experience for our child and for us.

Number 3 (May 16, 2014)

A PS to an email.

PS, we love your School and Teachers. Bless the work you are doing. :)

to Dale Hello

I was wondering when the final report cards will be out. Also just wanted to let you know how much my son has enjoyed being with your school this past year. I am so glad we found the school. Have a very blessed summer.

To: Dale Anger <pri>principal@hopechristianschool.ca>

Hello Mr. Anger,

and I just wanted to touch base and say a big thank You to You and all of the girl's teachers for all of the help and encouragement that our daughters get from Hope Christian. Also to say thank you for the opportunity to allow the chance to challenge grade nine this month. She has been working really hard to get a great grades on her assignments and we trust that the one month trial will result in her continuing in the grade nine classes other than Math 8.

Thank you again for all of your concern and direction in this matter, we both appreciate you very much!!

Kindest Regards,

Dear Mr. Anger, Hope Christian School

June 22, 2019

Hope Christian School came at a time in my child's life when she was struggling academically and with self-confidence. She joined your school in Grade 8, at such a pivotal age where social peers and structures are so important and that was a concern to us. She had consistently been let down in the regular school system and was falling through the cracks in terms of her special needs (math and English disabilities), but also feeling the extreme pressure of friendships and her place in social groups. So, needless to say we were extremely concerned about the choice we were making. After speaking to you on the phone and through emails you were very helpful, understanding and we felt it was worth the chance.

It was the best chance we have ever taken. Your staff have been incredible. Her confidence in herself skyrocketed and she took to the studies immediately. She worked so very hard and took pride in the one on one correspondence that she received from the teachers that she needed to communicate with. All instructions were clear; the correspondence between staff was wonderful and clear, and not only reassuring to her, but to we her parents. And now that the overwhelming aspect of peers no longer surrounded her, she absolutely thrived in her studies, as she no longer had that on her mind.

Mrs. Dart is a hard teacher, but a fair teacher and is the best teacher ever as far as we are concerned. She not only taught my daughter her courses, but also inspired her to be proactive, always investigate facts and to be involved in world events; she taught my daughter more than just school studies, she taught her about individual thinking, to always think for herself with facts. My daughter struggled under her, BUT she wouldn't have had it any other way (her words) - it challenged her and made her do her utmost best and made her aware that life is a challenge and that with tools and resources one can accomplish difficult and worthwhile goals. Mrs. Dart is her role model. All teachers were warm, compassionate and extremely uplifting.

You helped change our daughter's life that is a fact and not a compliment. We will always be grateful for the excellence, the course loads and flexibility that Hope Christian School provided. You will always be in our prayers and hearts.

Sincerely, the Chomistek Family
