

Hope Christian Jr. High School Online 2020-2021

Keyboarding

As you work through this course, you will learn to type with the correct fingering without looking at the keys. This is a very helpful life skill, so try your best to become proficient in keyboarding through this semester! All junior high students are required to take keyboarding once during the year, and Grade 9 students have the option of doing this course for a high school credit.

Choral Music

If you love to sing and you want to make great friends, choral music is a wonderful opportunity for both. We rehearse together, working on vocal production, breathing, music reading, and musicianship. The rehearsals culminate with a three-concert tour of locations in Central Alberta at which time we team up with a youth string orchestra, The Rosedale Valley Strings. This course is offered Thursdays in Lacombe and Fridays in Camrose.

Introduction to a Foreign Language

Would you like to learn French, Spanish, or German? In this course, you will begin to learn to speak, write, and understand a new language. You will use the online site “Babbel.com” to work on your language skills, and the school will pay the cost of your registration. When you can speak another language, your world becomes bigger, richer and more inspiring!

Art

Imagine how dull and boring our environment would be without the imaginative creations of artists! This art program offers students the opportunity to think and behave like artists. The projects are challenging yet fun and fulfilling in their completion. No previous art experience is necessary. Students who take art will learn how to apply the concept of design to their compositions.

Intro to JavaScript: Drawing and Animation

In this course, you will learn how to use the Java Script language to create fun drawings and animations. This is a great course for beginners produced by Khan Academy which explores drawing and animation basics with fun lessons and projects you can share with others.

Bible – Alpha Youth Series

The brand new Alpha Youth Series has been revised for today's youth. Since the launch of the Alpha Youth Film Series in 2013, it has been used to run Alpha for 13-18-year-olds in 49 countries, in 19 languages — giving young people all around the world the chance to explore life, faith and God through Alpha. In this option, you will watch a weekly video session and answer discussion questions based on what you learn. Click here for a preview of the Alpha Youth Series: <https://www.alphacanada.org/resources/alpha-youth-series/>

Basic Hand-Sewing

Hand-sewing is fun, useful, and can be done anywhere – even when the power is off! In this course you will learn some basic hand-sewing stitches that you can use to sew almost anything! You will use these stitches in some fun little projects.

All you need for this option is a hand-sewing needle and some embroidery floss.

Drama

Lights, curtain, action! In this option, you will explore acting, improvisation, movement, and speech. You will develop confidence and learn about yourself and others. You will discover how much work it takes, behind the scenes and on the stage, to put on a successful production. This option is available to those within driving distance of Ponoka and Sylvan Lake and takes place during the winter months, beginning in early December. The course culminates with a full-length production. This course is so much fun and is a fantastic opportunity to make new friends!

Food Basics

Learn your way around a kitchen! In this course, you'll find out how to handle food safely and how to follow recipes so you can plan, prepare, and evaluate basic dishes. You will get to experiment in the kitchen as you learn basic culinary skills.

Creative Writing

Do you love to write? Is your head full of story ideas? Do you write for fun?

If so, this option might be for you. Whether you are interested in writing a novel, short stories, plays, poetry, or even songs, this course is one where you will design your project and “go for it.” Your teacher will guide you through the process, provide feedback and suggestions for editing and revision, but at the end of the course you will have a finished product that you can feel proud of and ‘publish’ to the world.

Photography

How can you take fun, interesting photographs of people, places, and pets that you'll want to post for your friends and hang on your wall? It's obvious not all photographs are the same; some are definitely better than others. In this course, you'll learn to take those excellent, photographs that you see in magazines and on your favorite social media sites. You'll learn the basics of using a camera and how to avoid common photography mistakes. Once you get the hang of this process, you'll be taking great photos!

Learn to Sew

This Learn to Sew course will walk through the basics - from how to sew line to how to add elastic and how to Once these basics have been you will complete two small sewing The requirements for this course are have access to a working sewing sewing scissors, stick pins, thread, scrap cotton broadcloth.
