We host a mini horse show on the Friday at 2pm so that the campers can show their parents everything that they have learned at camp. We also have a little gathering after the show to present prizes and award to all the campers. This also gives everyone a chance to meet, chat, and say our goodbyes for the year. 😊

What your camper/child can expect for the week at camp:

We have so much fun all week with our campers. We have trained camp counsellors that our campers are supervised by at all time; even in the bunk houses where the children sleep. When the counsellors are on a break, the children are with me. All campers are with proper age groups. Our campers are never left alone. All our camp counsellors are faithful Christians. Our week is filled with 3-4 hours of horseback riding; the children learn all aspects of riding and both the English and Western discipline. We play many horse games to make learning fun. We have 2-3 hours of theory where every camper gets to learn horse anatomy, saddling, bridling, haltering, handling horses and more. We have games night, scrapbooking night, painting night, bonfires and a weiner roast. The fun is never ending!!!!:) Our campers have so much fun learning new skills daily with their horses. They build a daily relationship with their horses and learn much more about themselves. We also hold a one-hour devotional time where the children learn about Jesus. We sing songs, worship, dance and cover a Scripture that we discuss. We do this every day. 😊 If as a parent, you would prefer your child not participate in this we have camp counsellors available that can-do other thing that are horse related with your child for that hour.

Campers will want to bring their own water bottle with name on it. We have a campers list on my website at www.majesticarabians.com so that you know what to bring to camp. Please also feel free to call me if you have any other questions.

In our day camp the campers will be learning a specific discipline. Their riding skills will be on horse and theory is off the horses. This is where they will be learning lots of horsemanship skills, how to handle their horses on haltering, saddling, bridling, and more 😊. Our campers have so much fun learning new skills daily with their horses. They build a daily relationship with their horses and learn much more about themselves.

In all our camps our campers build meaningful relationships and friendships with their horse and with other campers. It's a time that they will never forget and will leave with hoof prints on their hearts.
