

**SHARED RESPONSIBILITY ALLOWS YOU TO MIX
ONLINE LEARNING WITH HOME ED LEARNING; GIVING
YOU THE BEST OF BOTH WORLDS!**

To be honest, a lot of Home Ed parents are not too fond of Math and/or Science for example and by doing a shared program, you can register your child to do Math and Science in Online Learning and then do the rest of your courses with Home Ed Learning. Or you might want to do some options online, either way if you choose to do a shared program and do some of your courses online and some with home education, your Home Ed funding will be reduced by the percentage that you are committed to do online. Please contact our office at 403-854-4481 extension 5100 to speak to our Home Ed department and for Online the extension is 5103. We would require you to fill out an Online registration form <http://bit.ly/HopeCReg> as well as a Home Ed registration <https://hopechristianschool.ca/wp-content/uploads/2021/04/21-22-Home-Education-Registration-Fillable-Form-3.pdf>, and to make it all fun - one more form to fill out is our Shared Responsibility form <https://forms.gle/ApFPtHnzaCqRbH4Q9>.
